This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

**Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**About Google Book Search**

THE COMMITTEE appointed the fourth & Twenty first Days of Aprill Last, to Cause the Lands in the possession of Doctor Richard Shuckburgh in the Bowery Division of the outward of this City to be Surveyed as also to take the opinion of the Chief Justice of this province whether the Boundaries of the said Lands, by Governour Nicholls Confirmation Do in Construction of Law intend Dutch or English Measure; made their Report to this Board in the words following (Viz$^{t}$) To the Mayor Aldermen & Commonalty of the City of New York in Common Councill Convened at the City Hall of the said City on Wednesday the fourth of May one Thousand seven Hundred & fifty Seven. WHEREAS by an order of this Board, of the fourteenth Day of Aprill last, we the Subscribers & the major part of us, were appointed a Committee to cause the Lands in the possession of Docter

Richard Shuckburgh in the Bowery Division of the outward of this City to be surveyed and were thereby empowered to take to our assistance the City Surveyor & Directed to make report thereof to this Board with all Convenent speed

And Whereas also by another order of this Board of the Twenty first Day of the said Month of aprill it appears that a Controversy had arisen between this Board and the said Richard Shuckburgh Concerning the Boundaries of Governour Nicholls his Confirmation for the said Lands and whether the same do in Construction of Law intend Dutch or English Measure for the speedy Determination whereof this Board and the said Richard Shuckburgh agreed to submit the Same to the Determination of the Chief Justice of this province, and that it was thereby ordered that we should be a Committee to wait on the Chief Justice to Receive his opinion thereon: we therefore pursuant to the said two orders do make report as follows to wit That we thought it imposible to Carry the first order above mentioned into Execution untill the Matters of Controversy mentioned in the second order were Determined to effect which we waited on the Chief Justice in Conjunction with the said Richard Shuckburgh [486] and his Councill, and the said Chief Justice after hearing the arguments offered by us and the Councill for the said Richard Shuckburgh was Clearly of opinion That the Boundaries Mentioned in the said Confirmation do in Construction of Law intend English Measure. But we Think it Necessary Further to report To this Board that we have discovered that the Tract of Land now in the possession of the said Richard Shuckburgh has been wrongly located the same being fifty Rods in Breadth along the High way & one hundred Rods in its Extent Northward from the Highway Whereas by the said Confirmation he is Clearly entitled to one hundred Rods along the High way and fifty Rods Northward from the Highway Notwithstanding which Mistake the said Richard Shuckburgh has Declared himself Satisfyed with the present Location of the Land provided this Board do allow him in addition thereto as much Land as is Necessary to make up his Quantity of Acres upon the above Construction Wherefore upon the whole we offer it as our oppinions to this Board that for a speedy Settlement of the whole Controversy a Committee be appointed by order of this Board to Get the said Land as it is now located Surveyed by the Surveyor of this City and to make such addition to the same as will make up the aforesaid deficiency in such Manner as they shall think proper and also to make such alte- tion in the Location of the said land as is necessary to Giv- Bloomendale Road its full Breadth which is now encroached on

Rear of the said land and also that upon the said Richard Shuckburgh *executed* [executing] a Release to this Board the said Committee do Cause a proper Release to be Executed to the said Richard Shuckburgh under the seal of this Corporation in such Manner as the said Committee shall think best finally to settle and Determine the said Controversy. M$^{r}$ Mayor produced a Letter from his Honour the Lieutenant Governour to this Board, which was Read & is in the words following Viz$^{t}$

New York 17 May 1758

Gentlemen

I yesterday received by express a letter from General Abercromby representing to me the difficulty there is to supply the Provincial Troops with Arms: As those ordered by the Crown for their use are not yet arrived, I am apprehensive the general Service, which so nearly concerns us all, may be retarded, unless a speedy supply be procured.

And tho the General has desired that I would order an impress to be made of those that are to be found in the Province, yet I chose rather to take this method by letter to you to desire the thousand Stands of Arms belonging to you may be delivered to Captain Maccloud or some other proper Officer, not doubting of your ready complyance herein, as you cannot but be sensible how much his Majesty's service will be forwarded by this Measure: I have assurances from the General, that they shall be immediately replaced, as soon as the Arms shall come from England, which are hourly expected. I shall also write

to the General to desire, that these Arms may be delivered to Colonel De Lancey for the use of the New York Regiment & I shall recommend them to his particular care. I am Gentlemen

Your most humble Servant
JAMES DE LANCEY

To the Worshipfull the Mayor,
Aldermen & Commonalty of the City of New York

WHEREUPON IT IS ORDERD that an answer be Immediately Given in writing to the said Letter to be signed by the mayor in the words following Viz$^{t}$

May it please your Honour:

WE the Mayor, Aldermen and Commonalty of the City of New York in Common Councill Convened for the Consideration of your honours Letter Requesting us to Deliver to Captain M$^{c}$Cloud or some other proper officer the Thousand stands of arms belonging to this City upon his Excellency Generall Abercrombies assurance that they shall Immediately be Replaced upon the arrival of those which are hourly Expected from England for the use of his majestys Troops; do humbly beg Leave [21] to Represent to your Honour$^{s}$.

That as the arms Required of us, were purchased by this Corporation at a Very Great Expence for the use of the Inhabitants of th s City and such other Bodies of the militia of the County as may be Called into our assistance in Case of an Invasion and as so Dangerous an Event may with some Reason be speedily Expected, it is with the utmost Concern and Reluctance that we who on all occasions are willing to Testify our obedience to the authority of Government, find ourselves Constrained from a sense of that duty which we owe as Trustees to the publick, to signify to Your honour our Incapacity to Comply with your Honours Request by Consenting to deprive the City of the use of their arms at this Critical and Important Juncture. Hopeing therefore that your Honour will not attribute our non Compliance to any Disposition to oppose the Demands of Government but to our absolute Inability to Comply with them in this Instance, We are &c$^{a}$

ORDER'D that the sum of five hundred pounds be paid to the Clerk of this Board by one or both of the managers of the Late Lottery the said sum to be by him paid into the hands of Archibald Kennedy Esq$^{r}$ on his Executing a Release to this Corporation of the Island Commonly Called Bedlows Island pursuant to an order of this Board made the 10$^{th}$ day of this Instant month of May, and that the said Clerks Receipt shall be a Good Discharge to them or either of them for so much$^{s}$.

Deliver the said Thousand stand[s] of Arms to Mr Furnis or any other person properly authorized to Receive them, and that they take a Receipt for the same in order to obtain a Warrant from Generall Stanwicks for the payment of the money/.

THE COMMITTEE Appointed by order of this Board on the Tenth day of May one Thousand seven hundred and Fifty Eight for Inspecting into the Incroachments made upon the Rights of the Corporation in the Out ward of this City made their Report thereof to this Board in the words Following, City of New York ss: To the Mayor Aldermen and Commonalty of the said City in Common Councill Convened at the City Hall of the said City on Wednesday the Ninth day of January One Thousand Seven hundred and Sixty We the Subscribers being a Committee Appointed by an order of this Board the Tenth of May one Thousand seven hundred and Fifty Eight for Inspecting into the Incroachments made upon the Rights of this Corporation in the Out ward In Obedience to the said Order do Report that we have Proceeded in a Considerable degree to execute the Business for which we were appointed and have Caused Severall Surveys to be made of a Number of Patents Contiguous to the Commons in the Out ward and Before we proceed farther in Execution of the Trust Reposed in us think it necessary to Inform this Board.

That the Surveys which we have hitherto Caused to be made I have been Chiefly Confined to that Tract of Land Surrounded by the Bowrey Lane and Bloomandale Road the Road leading thence to the great Kills, The Road from the Great Kill to Greenwich Lane and the Greenwich Lane on its Extent from the Great Kill Road to the Bowrey Lane within which Compass of Ground Severall Patents are included; of which the owners of all those which we have hitherto sur-

veyed have made Incroachments on the Lands Belonging to this Board the exact Quantities However of which such Encroachments severally Consist we have not thought it [81] Necessary to assertain, Until we have Received such further directions from this Board as will Enable us to Come to a Settlement with the persons who have made those Encroachments most of whom seem to be *be* disposed to Avoid Law suits, which severall Encroachments and the persons by whom they are made are as follows to witt, The patent Commonly Called the Weylandt Patent which the Northeastermost Tract in the aforesaid Compass of Ground and Extends from the North River Two hundred and Ten Rods so that it Crosses the Great Kill road and the Greatest part of the Aforesaid Compass of ground; but Still leaves a Vacancy Between its South East Boundry and the Bloomandal Road which of Course Belongs to this Corporation This Patent is divided into lotts from the River Backwards being six in Number: the Ends of the Northeastermost four of which Lotts Lying within the aforesaid Compass of Ground have Been extended up to Bloomendal Road and by that means include a Great part of the Aforesaid Vacancy this Land is Possessed by Jacob Van Orden who has built his house Barn and Other Improvements upon it and have hitherto Claimed it as Belonging to him the Rest of the Weylandt is nearly Right in its Boundaries. insomuch that the same Cannot be Charged with Encroachments.

That the Next Encroachment is of the Residue of the said Va-
2 cancy lying Between the proper Southeast Boundry of the Two Southwestwardmost lotts of the Weylandt Patent and the Bloomandale Road. this piece is Possessed by Peter Van Orden whose only Right Consists of a Small Patent of Between Fifteen and Sixteen Acres which if Properly located must lie Entirely to the Southeastward of and at some distance from Bloomandal Road and Consequently tho he has a Small piece in Possession Adjoining the East side of Road: Yet none of the Land Possessed by him lies within his patent; Besides which he is possessed of a much greater Quantity of Land than he Ought to have.

That there is a Large Vacancy in the Centre of the Aforesaid
3 Compass of Ground extending Southwestward from the Southwest Boundary of the Weylandt patent; but how far (for want of Further discoveries which Can only be made by Tedious Searches after Old patents in the Secretarys Office) or whether the same extends quite to Greenwich Lane we Cannot as Yet say. which Vacancy from what we have hitherto discovered is Occasioned by Two *Tires* [tiers] of Patents the Rears of which do not meet Each Other: how this Vacancy Came to be Left out of the Adjoining Patents we think is Easily deter-

minable if it be Considered that the aforesaid Vacancy is an Entire Swamp: which sort of Land it is well known was not Antiently esteemed worth patenting this Vacancy as far as we have hitherto discovered its Extent is Possessed by Antie Covenhoven Thomas Clarke and the Representatives of Sir Peter Warren on the one Side and John Dewit and Jacobus Horne on the Other the whole Appears to us to be a Very Large and Valuable piece of Ground Tolerably Covered with wood: and tho lying Between Severall Patents has the advantage of a Communication with the Bloomandale Road by Means of the Vacancy Next to be mentioned as it also will with the Greenwich Road in Case it should Extend so far.

That there is also a very Considerable and Valuable Vacancy
4th Between the Patent of the said Horne which fronts on the Hither End of Bloomendale Road [82] And the Meadow fronting the Bowry Road Granted by this Board to the said Sir Peter Warren of which Vacancy the said Horne has Possessed himself by extending his Inclosure to the Aforesaid Meadow This Vacancy extends itself from the Road Back to the Aforesaid Central Vacancy to which it of Course gives a Communication with the Road as Above Mentioned.

That upon discovery of the Aforesaid Vacancies we Convened
5 the following persons Before us to witt the said Jacob Van orden Peter Van orden Antie Covenhoven Thomas Clarke and Jacobus Horne for himself and the said Dewit who holds under him who being by us Informed of their Aforesaid Encroachments and Being also demanded by Us what Terms they had to Offer to us in Behalf of this Board Concerning the same the said Jacob Van Orden Offered Either to purchase or hire of this Corporation all the Land held By him Belon[g]ing to this Corporation if the same Could be Agreed for on Moderate Terms: and the Benefit of his Buildings be Saved to him which he hoped this Board would not take the Advantage of tho the same are Erected upon the Land Belonging to this Corporation the said Peter Van Orden proposed that this Board would in Consideration of his Circumstances permitt him to hold his present Possession notwithstanding the mislocation aforesaid by which Means his Buildings and Improvements will be saved to him: and he will readily give up as much Land as he holds over and Above his proper Quantity, The said Jacobus Horne declared that he was Willing to Submitt to any Determination this Board Shall *thing* [think] proper to make Concerning his Encroachments hoping Also that this Board will take no Advantage of his Buildings if the same should appear to be on Land of this Corporation and Insisting further that he had a Small Patent which We the Committee were Ignorant of and which he Could not find at pres-

ent but hoped Shortly to produce it to Us The said Thomas Clarke upon Our Demanding his Terms informed us he had none to make with this Board, but must look to those of whome he purchased his Lands to support him in his Possession, one of which persons in Behalf of the Rest to witt Teunis Somerendyck has declared their absolute aversion to any Contention with this Board but being Ignorant in Affairs of this Kind prayed Time till Saturday next to advise thereon which we thought not Unreasonable and the said Antie Covenhoven Also declared her Willingness to give up what ever she Possessed more and Beyond the Contents of her Patent; hoping that as by that means she will not have any wood at all for the use of her farm this Board will lett to her upon Reasonable Terms such Lands as she now has in her possession Belonging to this Corporation;

And we do further Report that we have taken into Consideration the Stale Controversy Between mr abraham Leffertse and John Devoor Concerning the Lands Belonging to this Corporation lying Between their Respective Tracts and the Road and are of Opinion that this Board do upon an Exact Survey of their Respective Tracts (which we shall Cause to be made) give a Lease to Each Party for such of the said Lands as front their Respective Tracts upon such Terms as this Board shall Think fit.

We also further beg Leave to report That there is a house and parcell of Land in the Out ward of this City Belonging to this Corporation which Dennis Hicks and those Claiming Under him have held in Defiance of this Board Severall Years for [83] Which we are of Opinion an Ejectment Ought Immediately to be Brought.

We have also further to inform this Board that the Lease formerly Granted by this Board to mathew McGwire and Since by him Assigned to David Provoost Expired on the Twenty ninth day of March one Thousand seven hundred and Fifty Nine that during the said Term the said David Provoost Committed great waste on the premisses by Cutting down the Orchard and pulling Down the Dwelling house and that he Still Continues in Posession of the Land NOTWITHSTANDING the expiration of the Lease and is Dayly Distroying the wood on the same we are therefore of Opinion that the said David Provoost be forthwith Ejected by Course of Law and also prosecuted for the aforesaid Waste Especially as he has neglected to Attend upon our Summons to Come to some Settlement with this Board Concerning the said Lands.

Upon the whole we are of Opinion that some Resolves be made by this Board upon the following points in order to Enable us further to Execute the Business Committed to Our Care Viz:

Whether this Board is Willing to sell and dispose of any of the
1 Above mentioned Lands to the present Possessors and which of them and upon what Terms Or.

Whether this Board is Determined only to Lett the same or
2dly any and which of them for a Certain Term of Years and on what Terms,

That such Order be made Concerning those matters as may
3dly enable us to make a final Settlement with those persons Above mentioned or any Other persons hereafter (untill the whole Commons be Settled) who are Willing to Submitt to the Terms of this Board.

All which is nevertheless Submitted to the Wisdom of this Board by their most Obedient Servants,

Jn° Morin Scott Chairman
John Bogert Junr
Cornl Roosevelt
Luke Van Ranst

Dated ninth January 1760.

Which Report was Read and Taken into Consideration by this Board and thereupon ORDERD that the said Committee Do Lease the severall Vacanceys mentioned in the above Report to these persons who have the same in their Posession for a Term not Exceeding Seven Years, on such Conditions as they or the major part of them shall Judge proper [(]or Otherwise dispose of the same or so much thereof in fee as they shall think fitt) and Also ORDERD that the Clerk of this Board prepare a Warrant of Attry to Alderman Scott to Authorize and Impower him to Commence and prosecute for this Corporation in the Supreme Court of our Lord the King for this province an Action of Trespass and Ejectment on their Demise for the Recovery of a Certain Tract or parcell of Land in the Out ward of this City in the Possession of David Provoost merchant and Contiguous and Adjoining to his farm which said Tract or parcell of Land Was formerly Leased by this Corporation to Mathew McGuire and by him assigned to the said David Provoost; and Likewise to Commence and Prosecute one Other Action upon the Covenants Contained in the said Lease to the said Mathew McGuire, and also further ORDERED that the said Clerk affix the seal of this Corporation to the said Warrant of Attorney and Countersign [84] And Deliver the same to the said John Morine Scott

THE PETITION of John Riker and others to the Number of sixty and upwards Inhabitants on both sides of the slip commonly Called Burlings slip in the East ward of the said City was Read setting forth that Notwithstanding the good Intention of making or Leaving that space for a slip Called Burlings slip and the Erection and Building a markett house there at the head of said slip, Your Petitioners Conceive that not only the good ends and purposes which were Expected in Making the same have not succeeded for many Years Last past, Chiefly from the Almost Total Disuse of the same, by Boats and Other water Crafts which Commonly apply to and attend markett places but

the said slip and markett house have Become more a Common Nusance to the publick than a Convenience and Advantage by the Cattle of this City Sheltering and lying in the said markett house and Idle people, Boys and Negroes spending their Masters Time by playing and Gaming and that the said slip by the Filth of higher parts Descending by force of Rains is in a Great Measure filled up so that Scarce any Craft but Very small can be Conveyed within severall Rods [96] Distance from the said markett house, and that such Filth and dirt at many times and Generally in the Warm Season are Nautious and Offencive as well to the health of those Living Contiguous to the same as to such as Frequently pass and Repass and Your Petitioners begg leave further to shew to Your Worships that the Docks or wharfs each side of the said slip are so narrow that when foot people meet Carts passing there it is Dangerous for them and Especially the dock or wharf on the west side of said Slip which has a Considerable descent from the walls of the houses to the Slip, and that in Icey Times, it is with much Difficulty and Danger Both for Carts and Carriages as well as People on foot to pass. All which Obstructs a Communication and Negotiation of Business of the Residents and Others Between the Coffie house and Beekmans For Remedy whereof Your Petitioners Humbly prays that Your Worships will Either Cause the said Slip to be Fill'd up or a foot Bridge to be made across the Said Slip; and such Other Relief in the premisses as in Your Worships Great wisdom Shall seem Meet, and Your Petitioners as in duty Bound Shall ever pray:

And Likewise one other Petition of William Richards and Divers others was also prefered to this Board against Granting the Prayer of the Petition of the said John Riker & others, Being in the words Following (to witt) THE PETITION of Sundry Persons Owners and Proprietors of Real Estates Lying in Queens Street in the City of New York Near Burlings Slip HUMBLY SHEWETH That the Petitioners have Been informed that Sundry Persons have preferred a Petition to this Board praying that Burlings Slip may be either Filled up or a Bridge made across it tho they have not had an Opportunity of Seeing the said Petition that Your Petitioners have Sundry Reasons to offer against granting the Prayer of the said Petition: WHEREFORE they Humbly pray that they may have a Coppy of the said Petition Before the Prayer thereof be Granted, and also that a Day may be Appointed by this Board for the Petitioners to be heard thereupon and Your Petitioners Shall [ever] pray; whereupon ITS ORDER'D by this Board that the hearing be at the next Common Councill.

To his Excellency Jefferry Amherst Esq$^{r}$ Major Generall & Commander in Chief of all his Majesty's forces in North America &$^{c}$

The Cordial Address of the Mayor Aldermen and Commonalty of the Antient City of New York in Common Councill Convened.

May it please Your Excellencey

To the United Suffrages of the British world in favour of Your Excellency's distinguished merit, the Mayor Aldermen and Commonalty of the City of New York Beg leave to add their most greatful Tribute of Thanks for the invaluable Services wrought by Your Superiour Wisdom and Valour in Annexing the Extensive Country of Canada to his Majesty's Dominions in America. An Acquisition so inestimable in itself, so pregnant with the most important Consequences cannot fail to Shine with a Supreme Lustre Amidst the most luminous Events and give to its Author Rank Exalted in the Train of British Worthies. Minutely to describe the Innumerable Advantages Resulting

from so Signal a Conquest would be a vain Attempt. Let Millions yet unborn mark the Distinguished Blessings as they Rise and while they Reap the happy Fruits of Your Martial Virtues they will not Cease to Bless the name of Amherst. Yet that we ourselves may not seem insencible of our Happiness permit us, Sir, to Turn our Eyes to the wide Extended Fronteers of our many fair Colonies, over which his Sacred Majesty has so long swayed his Gracious Sceptre. How strangely altered is the amazing Scene! There the Savage Native and more savage Canadian was lately wont to Seize the Defenseless and inoffending Peasant doomed with his Tender wife and helpless Children to the most excruciating Death or a more Dreadfull Captivity. Hence an Universal Horror Seized the Borderers. To this succeeded a General Dereliction; and the Numerous settlements abandoned to the Relentless fury of an insatiate foe were soon Reduced to dismal and Undistinguished Ruin. Husbandry Felt the Fatal Effects of such a Waste of Country; and this City famous for its extensive Commerce Beheld and wept the Diminution of its Staple. Thus Besides the Keenest Sympathy for our Suffering Fellow Subjects we have acted our own sad parts in the Affecting Tragedy. But Canada is no more; The Peasant may Return in Security to his Fields; Husbandry will soon Revive; the face of nature smile with the Blessings of peace; and this Flourishing City rejoice in the Plenty of its Markets. This surprizing Change we attribute with the most humble Gratitude to the paternal Care of our most gracious Sovereign in appointing Your Excellency to Conduct his Victorious Armies in America. Our Restless Enemies, possessed of the Two Great Rivers of St Lawrence and Missisippi, long Since formed the horrid Scheme of Circumventing us with a Chain of Fortresses. This with unwearied Industry they at Length atchieved; and by this they gained the Dominion of the Lakes and their Connecting Streams. The passes thus secured as well into Canada as our own Country Necessarily [113] Procured them the assistance of Numerous Tribes of Indians, and not to say worse shook the Fidelity of the few who had so long Valued themselves on our protection. Nothing then seemed wanting but a little Patience till they had introduced a Sufficient number of Regulars from France; but in this they Failed. Their Sanguine Expectations broke down the Restraints of Policy and they Began to Execute the deeplaid purpose Before they had Strength Sufficient to insure Success. And yet thus advantageously Situated they Compelled us in a Defensive war to toil thro' severall Campaigns, most of which ended in the Loss of Some fort or Tract of Country. So, True it is, that the inferiority of their numbers was in a great

measure Compensated for, by the possession of those important posts; which had they not Been wrested from them by your unexampled Conduct, seconded by the matchless Heroism of the much lamented Wolf and the Vigorous Efforts of his Brave Successor in Command, would in the hands of so vigilant designing and indefatigable an Enemy, most probably have ended in the Reduction of the whole British North America. This, Sir, is a hasty Portraiture of the mighty Evils from which by your Triumphs we have been Delivered; Evils to which we shall never again be exposed, unless our late Restless neighbours should by a Restitution be Enabled to Renew the execrable attempt. Yet what will more effectually perpetuate your Name Sir with universal applause to the latest posterity are those innumerable Benefits arising from an exclusive possession of this Vast Continent: these Benefits, the purchase of Your Labours, will unfold themselves in every Revolving Year Till Great Brittain Shall Become the Emperial Mistress of Nations. Indeed to View her in her present Glorious State must Swell the Breast of her every worthy son. Her Royal fleets seem already to give Law to her Neighbours. As often as they Spread Canvas even the insulting Gaule beholds with Trembling Expectation; while to her Victorious Armies it is the same thing to march and to Conquer. But the vast Variety of Soils and Climates in America capable of Producing every Necessary and Conveniency of Life joined to the Fishery on its Coast must infalliably prove to our mother Country an inexhaustible Source of Wealth thus enabling her as well by the power of her arms witholding or Bestowing the Blessings both of Art and nature, to humble the United Arrogance of the most Presumptuous opposers, and Support the Tottering Fortunes of depended States. Such, Sir, Will be the wonderfull Effects of the Conquest gained by those Armies which you have Commanded with so Much Honour to yourself and the nation, a Conquest too immensely valuable ever to be ceded to an Enemy whose principal Characteristic is a Perfidious abuse of Favours. But, Sir, while so Remarkable an Event will never Fail to Furnish the most ample Testimonials of Your Military Accomplishments, the ingenuous mind must at the same Time receive a peculiar Satisfaction from the Contemplation of an other part of Your uncommon Character; we mean your Humane and Generous Use of Victory. The Picture of a Conqueror drawn from the Greatest Examples Recorded in the Faithfull pages of History tho it Strikes the Soul with a Mixture of Admiration and Terror is Seldom expressive of the Benevolent Effections of the Heart even when the Conquered are Rather objects of Commiseration

than Revenge. Hence it is that Your Compassionate Treatment of the Vanquished Canadians must appear most Singularly amiable. To Require of a disarmed yet Implacable Foe whose Inhumanities have deserved the Severest Strokes of Vindictive Justice, nothing [114] More than a quiet Submission to the Gentle Dictates of British Rule is indeed a Disinterested Virtue and must Convince the attentive World that Britons never Conquer to enslave. To Conclude; Sir, that the God of Armies may Continue to Furnish your head with Wisdom, Your Breast with Fortitude and Your Arm with Strength; that he may Cover you as with a Shield and make You terrible to your Enemies in the day of Battle; that You may Long live to Enjoy the Gracious smiles of your Royall Master, the Greatfull acclamations of the British Nation and the peaceful Eulogiums of an approving Conscience; that Your name may Be Remembred With Thankfulness by the Latest Posterity; and that Your unwearied Labours for the publick Welfare may meet with their due Rewards here, and an unfading Crown of Glory hereafter; are the Earnest Wishes and Desires of Your Excellency's most obed$^{t}$ humble Servants The Mayor Aldermen and Commonalty of the City of New York.

which was Agreed to: and ORDERD to be Engrossed.

Ms RECORDER Produced The Drafts of a Law in Adition to a Law For Regulating the office of Gaugers Packers and Cullers in the Words Following WHEREAS By a Certain Act of the Lieutenant Governour the Council & the General assembly of the Colony of New York passed the third day of November in the 14th year of his *present* [late] Majestys Reign Entituled an act to prevent abuses in the repacking of beef & pork. It is among other things therein Enacted that when the packers or repackers shall be qualified as in the said act is directed they shall in their repacking of meat not put any of the brands in the said act mentioned on barrels to be repacked by them that contain less than thirty one gallons and that each barrel shall be twice trodden

down at least, & whereas by another act of the Govr the Council & the General Assembly of the said Colony passed the 19th day of May in the 17th year of his *present* [late] Majestys Reign Entituled an act to empower the sworn repackers of the City of New York for the time being to pack and repack and brand half-barrels of beef and pork, It is among other things therein enacted that from & after the [118] publication of the same it shall and may be lawful to and for the sworn repackers of the City of New York for the time being to repack and put any of the respective Brands directed in the said act first above mentioned on half barrels of beef and pork, provided such half barrel shall not Contain less than fifteen Gallons and an half and that in each Containing beef no more than one shin, and in each containing pork no more than two half heads be put & under the like rules regulations penalties and forfeitures as are mentioned in the said first above mentioned act, with respect to whole Barrels of beef and pork, and Whereas the said two in part recited acts by directing the size of the said Barrels, and the treading the Same twice at least evidently intends that as great a quantity of beef & pork as Conveniently may be should be put into each barrel & half barrel of beef & pork so to be packed & repacked as aforesaid. But for want of ascertaining the quantity or weight to be contained in such the same is in a great measure left to the discretion of the packer or repacker, AND WHEREAS it is found by experience that through the Neglect, remissness & inattention of the packers and repackers great numbers of barrels & half barrels of beef & pork have greatly fallen short of the quantity & weight which they might Conveniently Contain to the manifest loss & prejudice of buyers and the great Discredit of the said Staple Commodities of this Colony at foreign markets, AND WHEREAS it is found by the fairest experiments that a barrel of the Dem[en]sions prescribed by the said first mentioned act will conveniently contain two hundred and twenty pounds weight of Beef & 210 lbs. weight of pork & that a half barrel of the demensions in the said second mentioned act specified will Conveniently contain 105. pounds weight of beef & 100. pounds weight of pork. in order therefore the better to promote the good and Laudable Ends of the said two Acts & the more Effectually to prevent those frauds and other inconveniences intended to be remedied by the said act, BE IT ORDAINED by the Mayor aldermen and Commonalty of the City of New York Convened in Common Council, and it is hereby ordained by the authority of the same that from and after the publication hereof, no sworn packer or repacker of beef & pork shall brand or put the brand mark on any barrel of Beef, unless such barrel

shall truly contain the weight or quantity of 220 lbs. of beef neat weight at the least nor on any half barrel of beef unless the half barrel shall truly Contain the weight or quantity of 105 lbs. of beef neat weight at the Least, nor on any barrel of pork unless such barrel shall truly Contain the weight or quantity of 210 lbs. of pork neat weight at the Least, nor on any half barrel of pork unless such half Barrel shall truly Contain the weight or quantity of 100 lbs. of pork at the least neat weight. The Petition of Cornelius P: Low of This City Merchant was preferred to this Board, praying the Grant of a Water Lott, fronting his Lot of Ground on the Southwesterly Corner of Burnets Key, two hundred feet into the East River with the priviledge of 25 or 30 feet fronting the Street on the Easterly Side of the Slip in Rotten Row and a part of the said Slip the Whole Length of the said two hundred feet in order for the running out a peer fronting the same, and is in the Words following

To the Worshipfull the Mayor Recorder Aldermen and Commonalty of the City of New York in Common Councill Convened

The Petition of Corns P Low of the City of New York Merchant Humbly Sheweth

That your Petitioner is Seized in Fee of a Certain Lott of Ground Scituate lying and Being in the City of New York in the East Ward of the same City on the Southwesterly Corner of Burnets Key and is in Breadth in Front on said Key Thirty Five feet Three Inches And in Breadth on the Southwest Side of the said Lott Fronting the Street on the Easterly Side of the Slip in Rotten Row Thirty Three feet Four Inches.

That Your Petitioner being Inclined To make Some Considerable Improvements [234] On the Premisses If he Can Obtain a Grant From This Corporation of the Water Lott Fronting his said Ground Abovementioned To Extend Two Hundred feet into the East River With the

Privilidge of Twenty Five or Thirty feet Fronting the said Street and apart of The said Slip and Extending the said Distance of Two Hundred feet into the said River in order for the Running out of a Pier Fronting the said Street and apart of the said Slip/

THAT Your Petitioner is the more Encouraged To Ask this Favour as he Conceive's A Peir run at That Place and To That Distance into the said River Will Tend greatly To The Advantage of the Publick as Vessels Laying on the West Side of the said Pier will Be Entirely Secure from Receiving any Damage from the Ice in Winter Season/

THAT The Extending of A Pier To That Distance into the River Will Be Attended With Very Great expence not only Occasioned By the Great Depth of Water But That the same Must be Built In the most Substantial manner in order To Withstand The Great Quantities of Ice Which in Winter Seasons With The Tide of Ebb Takes its Course Along this Shore/

THAT YOUR PETITIONER Conceiving That the Proffits Ariseing From the said Pier will Not Amount to more then the Interest of the money That Will be Expended in Erecting said Peir and the Charges of Keeping the same in Repair Hopes That in Case This Board Should Be Inclined to pass a Grant To the Petitioner the Whole proffits ariseing from the Warfage of the Said Pier

YOUR PETITIONER Therefore Humbly Prays That This Board Will Be Pleased To Grant To Him all the Soil Fronting his said Ground Extending Two Hundred Feet into the said East River Together With the Privilidge of Running out a Pier In manner Aforesaid With the Whole Proffits Arising from the Wharfage of the said Pier upon such Reasonable Reservations and Conditions as To this Board shall Seem meet and Your Petitioner Shall Ever Pray &c:

Cornelius P: Low

ORDER'D that Aldermen Hicks, Bogart and Lawrence, and Messrs Rapalie Bivanck and Brinckerhoof or the major part of them be a Committee, To Enquire into the Alligations of said Petition and make Report Thereof To this Board with all Convenient speed

THE PETITION of John Alsop and other Purchasors of Terms of years in the Land Called Inclanbergh belonging to this Corporation was preferred to this Board and is in the Words following Viz:

To THE WORSHIPFUL the Mayor Aldermen and Commonalty of the City of New York in Common Councill Convened.

THE PETITION of Sundry Persons Purchasors of Terms for Years

in the Land Called Inclanbergh belonging to the Corporation of the said City

HUMBLY SHEWETH

That Your Petitioners having Bought at Public Sale from this Corporation [235] Divers Lotts For The Term of Twenty one years, upon Certain Rents Reserved; with Design To make Considerable Improvements thereon; This Board Being Sensible that the Terms of Their Purchase were Extremely Hard, Were pleased to Signify Their Intention of Prolonging Their Leases to Forty Two years, which the Petitioners Cannot But Acknowledge To Be a Generous Favour Done Them.

THAT Notwithstanding the Petitioners have Been so far favoured; yet such as them Who have Already made Some Improvements, find That the Expense of Clearing and manuring the Lands so much exceed their Expectations; That Even such Enlargement of Their Leases must Still Leave them so hard a Bargain, that They are greatly discouraged in Their undertakings and they would humbly hope, that this Board Being Convinced that such is really the Case will still Farther Extend their Favour to Their Petitioners so as to render the Effectuall Prosecution of their Design more Encouraging as They Conceive it must Greatly Encrease the Intrinsic Value of that part of the Estate of This Corporation While it Cannot Fail Becomeing at the same [time] an Additional Ornament to the City

AND the Petitioners Would Beg Leave To Observe That The rents To be Paid By them Does Exceed the rate at Which Improved Lands, at the upper End of the Bowry nearer the City do Lett So that all the Expence of Clearing and manuring the Lands Besides the Buildings must Be a Charge To the Petitioners Beyond What is Actually Paid for Lands Already improved; and some of The Purchasors are so sensible of the Hardship of the Bargain, That They Think if They must Be Held To The Terms as Fixed at present It Would Be more for Their Interest To Pay The Annual Rents Without making any Improvements at all, than to make them on the footing upon which the Leases are now proposed to Stand

THE PETITIONERS Would Also beg Leave Further to Observe That all the Improvements on the premisses at the End of the Term Must be sunk without any Allowance made for them; and with Respect to such Improvements in Building as may be made, this Circumstance must prevent their Being Valuable, as Submitting to much Expence in that Article While the rents are so high and the Terms so hard

would be Attended with a very Considerable loss to those by Whom they are made/

BUT WHEN the Petitioners Reflect on the Favourable Conduct of the Corporation, in Relaxing so far as they have Already done from the Rigorous Terms of the first Contract they have Great Reason that this Board Aim not at Insisting on any Advantages to the prejudice of the Petitioners however justifiable it might be in strictness to do so: But on the Contrary that they are inclined to Let em have the Lotts upon such Conditions as Shall appear to be reasonable

ENCOURAGED By these Sentiments the Petitioners Would with Submission propose to this Board That They may have their Leases Granted With the privilidge Either of Renewing them for Forty Two years more after the [236] Expiration of the present Term or of Being paid for their Improvements in Case (upon an Impartial Appraisement) they Shall be then Adjudged to exceed the value of five hundred pounds to be at the Choice and Election of this Corporation From Such an Assurance they Would be Induced to make their Improvements more Lasting and valuable which as they Conceive must finally turn to the advantage of this Corporation by Increasing the real Value of its Estate

THE PETITIONERS Therefore most humbly pray that this Board would be pleased to Consider their proposal, and to Grant it, if it appears to them to be reasonable or if not, that this board will Alleviate the hardships the Petitioners are under, in the premisses by such other Adequate provision as their own Lenity and the Circumstances of the Petitioners Case may point out

THE REPORT of the Major part of the Committee Appointed upon the Petition Preferred to this Board By Cornelius P: Low praying a Grant of the soil under the water Two hundred feet into the East River Fronting his Ground in the east ward of this City Together with the Peer and the proffitts Arising there from was produced and Read and is in the words following (Viz!) THE REPORT of us the Subscribers the Comittee Appointed upon the petition preferred By Mr Cornelius P Low praying the Grant of the soil under the water Fronting his Ground in the East ward of this City, and Extending Two hundred feet into the East River Together with a peer and the proffitts Arising from the said peer to the mayor Aldermen and Commonalty of the City of New York.

Wee the said Subscribers of the Aforesaid Committee having Taken the matters of the said petition under our Consideration do Report it as our opinion thereon that we Conceive that the Building out a peer from the Ground of the said Cornelius P Low. at the East River Will Be Greatly Advantageous to the Trading part of this City By Furnishing a Safe harbour for shipping and Therefore Advise a Grant to him of the said Ground Fronting his said Lott on the East River upon the yearly Quit Rent of Two Shillings Per Annum Per foot to Commence at the [258] Building of a Peer or a Street hereafter mentioned or at the Expiration of Five years from the date hereof which shall first happen.

That he should also have the Privilidge of making a peer on the Southwesterly side of the Abovementioned Lot of Twenty five wide and Two hundred foot in Length into the River to be Built within five years from the date hereof But as the Building of the said Peer if Built Close to the dock might Be a means of filling up the Docks on each side to avoid which we Advise that the said Cornelius P Low shall Leave a Vacancey. of Forty Foot Between the present Dock and the said Peer so to be Built for the Tides way which vacancy to be Covered with a Strong Bridge for Carriages &c: and that the said Cornelius P Low Leave Forty foot at the end of the said Peer and Lott Above mentioned for a Street which street on his Lott to be Built and Opened when thereunto Required By the Corporation That as the said Cornelius P Low will Be at a Considerable Expence in making the said peer. that Besides his having the Intire Advantage of the dockage on the easterly side of the said peer we Conceive he ought to Reap the Benefit of the dockage Arising from the westerly side of the said Peer, for Thirty Years and at the Expiration thereof the Dockage on the south westerly side to Belong to the Corporation

Excepting the Right privilidge and Advantage to the said Cornelius P Low his heirs and Assign's of the Dockage of one Vessel on the said South west side of the said Peer for and during and so Long as the Land under the water on that side shall Remain ungranted By the Corporation; But the Corporation Nevertheless to Be at full Liberty to Grant the Land under the Water on the Southwesterly side of the said Peer when ever they shall think proper at which time the privilidge, of the said Cornelius P Low his heirs and Assigns of the Dockage of one Vessel is to Expire and Cease

Alderman Hicks who was Authorized By two Certain orders of this Board, the one made and Entered on the 19th of February Last, and the other on the 22d of April following to take the Opinions of William Smith Junr, John Morine Scott and William Livingston Esqrs, whether the Recorder when the Mayor Calls a Common Councill and is present at it has a Right to set and Vote in Common Councill as a member thereof; Reported to this Board that he made a State of the Case (Collected as well from the Old as the New Charters Granted to this Corporation) which being in the words following

By the Charter Granted to the mayor, Aldermen and Commonalty of the City of New York by Thomas Dungan Esqr in 1686. It is declared that the mayor Recorder and Assistants of the said City of New York for the time Being and they which thereafter should Be the Mayor Recorder and Aldermen and Assistants of the said City of New York Should Be one Body Corporate and politick in Deed Fact and name By the name [275] Of the mayor Aldermen and Commonalty of the City of New York and be Capable to have and to hold Lands &c: and to dispose of the same &c. And also that the mayor Recorder Aldermen and Assistants of the said City for the Time Being or the mayor Recorder or any three or more of the Aldermen and any three or more of the Assistants for the Time Being should be Called the Common Council of the said City and that they or the Greater part of them should have full power and Authority By virtue thereof to Call and hold a Common Council as Occasion should Be and to make Laws Orders Ordinances and Constitutions. prout &cs

Afterwards in the year 1730 upon a petition preferred by the said Corporation to Governor Montgomery he Grants to the said Corporation Another Charter By which Among other things he Confirms them

as a Corporation By the name of the mayor Aldermen and Commonalty of the City of New York and further Grants that there should for ever thereafter be one mayor and Recorder, Seven Aldermen and Seven Assistants AND that the mayor or Recorder with four or more Aldermen and four or more Assistants of the said City for the Time Being should be for ever thereafter Called the Common Council of the City of Newyork and that the said Common Council or the major part of them should ordain make and Establish Laws Ordinances &c$^{a}$ AND therein further Grants that the Common Council of the said City Should Be Summoned Called and held from time to time and so Often and at such times and places as the mayor or in Case of his Sickness or Absence the Recorder of the said City for the Time Being Should think fit to Appoint and direcct &c$^{a}$

UPON These Charters the following Question is put

WHETHER the Recorder when the mayor Calls a Common Council and is present at it has a Right to set and Vote in Common Council as a member thereof

Which said Case he Delivered to them the said William Smith Jun$^{r}$, John Morine Scott and William Livingston, and desired their Severall opinions thereon who did Severally Committ their Opinion to writing and are in these words following (to witt)

The Opinion of William Smith Jun$^{r}$ — As the Corporation have accepted and acted under the new Charter from M$^{r}$ Montgomerie I Conceive the Question proposed is not Affected By any Considerations Drawn from the old Charter, and since by the Latter the mayor with the Aldermen and Assistants Constitute the Common Council when the mayor is present, I think the Recorder has no voice; but in the Absence of the mayor, I think he has.

W$^{m}$ Smith Jun$^{r}$
N York 11$^{th}$ of March 1765.

[276] Also the Opinion of John Morin Scott Esq$^{r}$ — I think it beyond dispute that the old Charter makes the Recorder a member of the Corporation with the fullest Right to Enjoy Every privilidge Belonging to the Body Politic, But as the new Charter Omits him in the Clause of Creation and in describing the Common Council says in the disjunctive the mayor or Recorder with four or more *or more* Aldermen and four or more Assistants of the said City for the Time Being should be for ever thereafter, Called the Common Council of the said City, I take the grand Enquiry to be whether these words Can be Satisfied without an Exclusion of the Recorder, for if they Can and there are Good Reasons for his Being Admitted to Vote all Difficulty will be Removed

Then it Appears to me That the Genuine sense and meaning
1st of the words in the new Charter is that a Common Council shall not Consist of Less than four Aldermen and four Assistants [over] which Either the mayor [or] Recorder shall preside and if this Be the sense of those wards they contain nothing which neccessarily Excludes the Recorder from Being present and Voting when the mayor Attends

By the old Charter the Recorder is Expressly made a member
2dly of this Corporation and By the new Charter the whole Corporation is Confirmed with only a Change of the Stile of the Corporation from whence I Infer, that the Recorder is Still is a member of the Corporation

If he is a member of the Corporation his Right of Voting
3dly Cannot be denied him for his membership Can Consist in nothing so principally as in his Right to vote

Agreeable to this has Been the practice of the Corporation from
4ly the Time of the Grant of the new Charter down to this Day which will in my Opinion Be Expressive (in Judgment of Law) of their sense of the Crowns Grant.

Upon the whole Therefore I am Rather of Opinion that the Recorder has in the presence of the mayor a Right to set and Vote in Common Council as a member thereof But as the Question may Eventually Be of Great Consequence to the Corporation, I would Advise this Method By which the Recorders Right may be Tried in a Course of Law Viz: Let an Entry be made in the Common Council Books of the Recorders Demand of a Vote and of the Boards Refusal and Let the Refusal Be Couched in such Terms as to save the Recorders honour and Be Evincive that the Resolution proceeds from no disrespect to him, But from a Tenderness to the Rights of the Body politick; Upon this Mr Recorder may Bring a mandamus and have his Right Tried in the Ordinary Course of Law.

Jno Morin Scott
N York July 6: 1765.

[277] And likewise the Opinion of William Livingston Esqr — As by the New Charter the Old Corporation is Confirmed with only a Change of their Stile and the Recorder Being Evidently made a member of the Corporation By the old Charter and as such having a Right to vote I think that in order to Construe Both so as to avoid any Repugnance Between it is necessary to Suppose that the Second Charter only Intends to Impower the Recorder in the Sickness or Absence of the mayor, to Call and preside at the Common Council and not to deny

him when the mayor presides of his voice as a member of the Corporation, and I am more Inclined to be of this opinion as I am informed that such has Been the practice of the Corporation ever since the Date of the Last Charter

Wm Livingston
New York 26th July 1765

'From which said Several Opinions It Appears to this Board that the Recorder has a Right to set and Vote in Common Council, as a member thereof, notwithstanding the mayor Being present; and thereupon it's ORDER'D By this Board that the state of the Case so made By Alderman Hicks Together with the Opinions of the said William Smith Junr John Morin Scott and William Livingston Given thereon Be Entered on the Records of the Common Council in order that the same be a Rule and Guide to this Board for the future to Govern themselves by.

[291] Mr Recorder produced to this Board an Address to his Excellency Thomas Gage Esquire Major-General and Commander in Chief of all his Majesty's forces in North America &c. &c. Congratulating him upon the Restoration of this City's Tranquility and freedom from the Impending Evils of a Civil War: which being Read and Consider'd was Unanimously agreed to, and ORDER'D it be presented Immediately to his said Excellency; which said address is in these words following Viz:

To his Excellency the Honourable Thomas Gage Major General and Commander in Cheif of all his Majesty's Forces in North America &c. &c.

THE Humble Address of the Mayor Aldermen and Commonalty of the City of New York in Common Council Convened.

IT is with the Greatest Joy we Beg leave to Congratulate your Excellency upon the Restoration of the Tranquility of this City; And as its preservation (under God) was Eminently Owing to your prudence, We think ourselves Bound to tender your Excellency our most Gratefull Acknowledgements.

As the Destruction of the City and the Effusion of Blood might at this unhappy Conjuncture have fed the Spirit of discontent so prevalent in all the Colonies, and involved the Whole Continent in Confusion and distress, that wisdom which Prevented Consequences Not to Be

Thought of without horror deserves our Applause and will Never Be Forgotten By his Majesty's Loyal and Faithfull Subjects in this City.

We are with the Greatest Esteem and Regard
May it Please Your Excellency
Your Excellency's
Most Obedient and
Most humble Servants
JOHN CRUGER &c.

Signed by order of the Common Council.
Augustus V. Cortlandt Clk.
New York 11th of November 1765.

And thereupon his Excellency was pleased to make the following Answer.

GENTLEMEN,

IT makes me extremely happy that any endeavors of [292] mine shou'd have contributed towards the preservation of this City, or prevented the effusion of the Blood of our fellow Subjects.

The Spirit That has so lately appeared here, was raised to the most dangerous pitch even to threaten Acts of open Rebellion, and your own Minds will have painted to you the dreadfull Consequences which must have ensued: As the peace of the City is for the present happily restored, It becomes the Duty of every loyal Subject and of every good Citizen to exert himself to preserve it, And I assure my self that every Step will be taken by you, that can be conducive to this End, by calming the heated imaginations of the people, and by bringing them back to a sense of their duty, and their wonted obedience to Government.

[THOMAS GAGE.]

To the Worshipfull, the Mayor and
Corporation of the City of New York

Mr Recorder produced to this Board the Draft of an Address to his Excellency Sir Henry Moore Baronet, Captain Generall and Governor in Chief, in and over the Colony of New York and Territories thereon Depending in America & Vice Admiral and Chancellor of the Same, which was Read, and is in the words following.

To his Excellency Sir Henry Moore, Baronet, Captain General & Governour in Chief in & over the Colony of New York and the Territories thereon depending in America, Vice Admiral & Chancellor of the Same

The humble Address of the Mayor, Aldermen and Commonalty of his Majesties Ancient Corporation of the City of New York in Common Council Conven'd

[295] May it please your Excellency

With Hearts Elate and full of Joy, we beg Leave to congratulate your Excellency on your Appointment to the chief Command of this Colony, and the safe Arrival of your self and Family amongst us.

While we look back upon the Administration of your immediate Predecessor, General Monckton, who governed the Colony with a Spirit of Dignity, Justice and Tenderness, never to be forgotten by the People of this Country, we esteem it a fresh Proof of his Majesties paternal Care over us, that he was pleased instantly upon his Removal to Berwick, to make Provision for our Loss, by delivering the Charge of the Colony, to a Gentleman whose Fame promises us so happy a Succession.

It is indeed unfortunate to your Excellency, That the Colonies in general, are now groaning under the Burthen of great Grievances, and filled with fearfull Apprehensions of the Loss of Some of their most inestimable Privilidges: But it is no small Alleviation of our Grief, that we can assure your Excellency we feel no Abatement of that gracious Protection, which has so gloriously distinguished the Princes of his Majesties illustrious House. And as we do with undissembled Sincerity, profess the utmost Devotion and Loyalty to our Royal Sovereign, So it affords us no small Pleasure that by your Accession To the Government, We again have the Prospect, that the true State and Fidelity of his Subjects in this Colony, will be faithfully represented to the Throne.

Impressed with the most favourable Sentiments of your Excellency (whose Arrival at this critical Juncture was most ardently wished for) we rejoice in the confident Expectation, of the Preservation & Es-

tablishment of the publick Peace and Felicity; and Shall always be ready on our Parts, not only to contribute to the Maintainance of good order in this City, but to the Comfort and Ease of your self and Family.

Signed, by order of the Common Council
Augustus Van Cortlandt Clk
